

Leigh Harbour Valley Society Donation Form

Since 2006, members of the Leigh Harbour Valley Society Inc. have been restoring an area of coastal bush near Leigh Harbour. With the assistance of Auckland Council, Weedbusters, DoC, Trees for Survival and many volunteers, we have successfully fenced all the catchment areas between Pakiri Rd, Cape Rodney Rd, Mt Pleasant Drive and Tenetahi Rd; planted in excess of 6000 native seedlings and controlled pest plants and pest animals. However, further efforts are required.

Everyone in the surrounding area benefits from the increase in native flora and fauna, and we need your help to ensure this project is successful.

By supporting the Leigh Harbour Valley Society, you will assist us to continue employing the services of a pest control expert who will carry out pest plant and pest animal control in the valley and surrounding coastal areas.
